

CP8007

Labels for Life.

Face Stock: 7 mil transparent one-side velvet, one-side matte polycarbonate film. The material offers great printability without pre-treatment which allows for multi-layer printing.

Transparent Polycarbonate Film

CP8007 is specifically designed to be flexo printable polycarbonate film. Key features include: UV ink printable, roll form availability, transparent, high temperature and harsh abrasion resistance, one-side velvet, one-side matte and high tensile strength. When used in combination with the recommended IDENTCO adhesives, it will meet the most demanding durable labeling applications. The surface is specifically designed to accept UV ink printing.

Typical Applications

- Overlays
- Floor Graphics
- Harsh Abrasion Environments
- In-Mould Decoration

Typical Industry Sectors

- Automotive
- Electronics
- Industrial

CP8007

Transparent Polycarbonate Film

Labels for Life.

Recognitions/Compliance

Adhesion

Tensile Strength			
Elongation at break	100-156%	Ultimate	9000psi
At yield	8500 psi	Tensile Modulus	300,000psi

Material Caliper

Face Stock	.007"	177.8μ
Total Material	.007"	177.8μ

Exterior Durability

Testing is recommended in actual application.

Temperature Range

Service Temperature: -40°F to 212°F (-40°C to 100°C)

Shelf Life

Recommended Storage: 45-90°F (7-32°C) 20-75% R.H.
Shelf Life: 2 years @ recommended storage

Recommended Inks

Flexo printed with: UV & infrared drying inks

Process Durability

It is recommended that customers test this material in actual application to determine if the material meets all requirements.

Note: All values shown are averages and should not be used for specification purposes. Test data and test results contained in this document are for general information only and shall not be relied upon by IDENTCO customers for designs and specifications, or be relied on as meeting specific performance criteria. Customers desiring to develop specifications or performance criteria for specific product applications should contact IDENTCO for further information. Revised 02/17/2017
